Local Plan Temporary Accommodation
Sites GT08 & GT02

TR

15.4.2014

Dear Sir/Madam,

I realise that Council's pulls the strings here & tells us how high to jump.

Why can't these travellers use commercial camping sites, which already have facilities?

Why don't they buy homes locally if that is where they want to live?

If children are to attend local schools then for how long & at what cost to local children?

There are no buses anywhere near the Cuddington Sites. (67 is Telford Ave)

Who will manage these sites & to what standard & who will pay for clear up of any rubbish left?

How often ~~it~~ will they be

P2:

Monitored?

How will you compensate
Cubington Freeholders for the land grab
of their site? (Ref Quaint 246309)

Would you say the same cash
equivalent each year for them to use
for the good of our community?

Both of these sites are not
suitable - please reject them.
