This consultation stage is a formal process and represents the last opportunity to comment on the Council's Local Plan and accompanying Sustainability Appraisal (SA) before it is submitted to the Secretary of State. All comments made at this stage of the process are required to follow certain guidelines as set out in the **Representation Form Guidance Notes** available separately. In particular the notes explain what is meant by legal compliance and the 'tests of soundness'.

This form has two parts:

If you are commenting on multiple sections of the document, you will need to complete a separate Part B of this form for each representation on each policy.

This form may be photocopied or alternatively extra forms can be obtained from the Council's offices or places where the plan has been made available (see the table below). You can also respond online using the Council's e-Consultation System, visit: www.warwickdc.gov.uk/newlocalplan

7. Please give details of why you consider the Local Plan is not legally compliant or is unsound or fails to comply with the duty co-operate. Please be as precise as possible. If you wish to support the legal compliance or soundness of the Local Plan or its compliance with the duty to cooperate, please also use this box to set out your comments.

The Local Plan should cover 2011 - 2029 but I can not find any figures that include the need for Warwick University to expand or any anticipated housing required for the 10,000 employees to work at the Coventry & Warwickshire Gateway Site if it goes ahead.

A housing development of up to 5,000 houses has resurfaced at King's Hill, Finham which is on the Coventry boundary but within WDC. This was proposed by the previous Government, disappeared under the present Government and has now re appeared. Why is there nothing in the Local Plan? There may be a case for it to go ahead to meet the future needs as this is Green Belt land as it near both Warwick University & Gateway.

The increase in congestion of the already hard pressed local road structure will need dramatic action. The B4113 which already services the developing sites of Stoneleigh Park & Abbey Park will not only have to take increased traffic to/from Gateway from the South but cope with this possible increased housing.

WDC should consider replacing the B4113 river bridge at Stoneleigh, which can not even take two HGV vehicles crossing at a time. If the river bridge was sited 450m upstream a small by pass could be built to bypass the village completely and cut out many of the traffic problems caused by the village being sited on the cross road and river bridge.

Continue on a separate sheet if necessary

8. **Please set out what modification(s) you consider necessary to make the Local Plan legally compliant or sound, having regard to the test you have identified at 7. above where this relates to soundness. (Please note that any non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why this modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.**

The Local Plan should include any additional housing requirement of any Warwick University enlargement and also those of The Gateway employees and comment upon additional sites and their development ideas

Continue on a separate sheet if necessary

Please note your representation should cover succinctly all the information, evidence and supporting information necessary to support/justify the representation and the suggested modification, as there will not normally be a subsequent opportunity to make further representations based on the original representation at publication stage. **After this stage, further submissions will be only at the request of the Inspector, based on the matters and issues** he/she identifies for examination.

No, I do not wish to participate at the oral examination

Yes, I wish to participate at the oral examination

10. If you wish to participate at the oral part of the examination, please outline why you consider this to be necessary:

If details are required and the provision of a map I will be happy to participate

Continue on a separate sheet if necessary

Please note: This written representation carries the same weight and will be subject to the same scrutiny as oral representations. The Inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to participate at the oral part of the examination.
