Subject: PROPOSED TRAVELLERS SITE ADJACENT TO WARWICKSHIRE EXHIBITION CENTRE

12563

As a Contractor to the Warwickshire Exhibition Centre for some twelve years, I was very perturbed to learn of the possible establishment of a Gypsy/Traveller site adjacent to the Exhibition Centre.

My Company provides catering services to the Centre and I totally agree with the Owners that, should this site be given the go ahead, it would seriously affect the number of events held and the future of the Centre.

Through the University of Warwick I employ a number of temporary staff from the area at all events held at the Centre; obviously, this would no longer be the case if permission for the site is granted.

I do think the Council should take into account the effect this could have on small businesses such as mine.
