Re Site GT ALTO3 Henley Rd/
Hampton Rd

Dear Sir,
I wish to object to
the inclusion of site alt 03
in your consultation document
Local Plan Sites for gypsies
& Travellers March 2014.

This site is within the Green
Belt & in the last 5 years
has been turned down by 2
planning refusals by the WDC
in 2009 & 2011.

On each occasion our Parish
& Ward Councillors Alan Rhead
(2009) & Clare Sandon (2011)
supported local residents in
their objections by speaking for

them at the Planning Committee Meetings. The site has also been dismissed by the Planning Inspectorate at an appeal hearing in 2009 & in 2010 when the LDC took out an injunction to prevent any development.

The conditions that applied then are still valid & relevant today.

Hampton-on-the-Hill is a village & not a suitable location for any new residential development & neither is it suitable as a location for a Traveller site.

I would request that site (GT alt 03) be reclassified as a red site & not amber.

Yours faithfully,

WDC PLANNING
