Publication Draft Representation Form 2014

This consultation stage is a formal process and represents the last opportunity to comment on the Council's Local Plan and accompanying Sustainability Appraisal (SA) before it is submitted to the Secretary of State. All comments made at this stage of the process are required to follow certain guidelines as set out in the **Representation Form Guidance Notes** available separately. In particular the notes explain what is meant by legal compliance and the 'tests of soundness'.

This form has two parts:

- Part B – Your Representations

If you are commenting on multiple sections of the document, you will need to complete a separate Part B of this form for each representation on each policy.

This form may be photocopied or alternatively extra forms can be obtained from the Council's offices or places where the plan has been made available (see the table below). You can also respond online using the Council's e-Consultation System, visit: www.warwickdc.gov.uk/newlocalplan

Please provide your contact details so that we can get in touch with you regarding your representation(s) during the examination period. Your comments (including contact details) cannot be treated as confidential because the Council is required to make them available for public inspection. Part B - Your Representations

Please note: this section will need to be completed for each representation you make on each separate policy.

4. To which part of the Local Plan or Sustainability Appraisal (SA) does this representation relate?

Local Plan or SA: []
Policy Number: []
Policy Title: []
Policy Area: []

5. Do you consider the Local Plan is:

- 5.1 Legally Compliant? Yes No
- 5.2 Complies with the Duty to Co-operate? Yes No
- 5.3 Sound? Yes No

6. If you answered no to question 5.3, do you consider the Local Plan is not sound because it is not:

- (please tick that apply)
- 6.1 Inadequately Resourced?
- 6.2 Unjustified?
- 6.3 Ineffective?
- 6.4 Inconsistent with National Policy?

7. Please give details of why you consider the Local Plan is not legally compliant or is unsound or fails to comply with the duty co-operate. Please be as precise as possible. If you wish to support the legal compliance or soundness of the Local Plan or its compliance with the duty to cooperate, please also use this box to set out your comments.

- Para 5.59.3 states 'potential for a park and ride facility to the south of Warwick and Leamington, yet the areas identified are to the north. As most additional development will be to the south, any park and ride facility to the north would increase congestion by traffic crossing from the south to reach the site to the north.
- The sites identified include Green Belt land. No special circumstances have been identified which could justify any development on Green Belt.
- I am not opposed in principle to a Park and Ride, provided that it is located to the south and on a brown-field (or other similar) site. However, I question its viability since both Leamington and Warwick town centres have plenty of car parks, and many retail facilities are located outside the town centres.

Continue on a separate sheet if necessary

8. Please set out what modification(s) you consider necessary to make the Local Plan legally compliant or sound, having regard to the test you have identified at 7. above where this relates to soundness. (Please note that any non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why this modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

- If the Alternative Traffic Management study being carried out by Warwickshire County Council concludes that a park and ride facility is viable and desirable, it should be located to the south, where the most development will take place, in order to avoid unnecessary additional traffic congestion across Warwick/Leamington.
- The areas identified as possible sites must specifically exclude all Green Belt land.

Continue on a separate sheet if necessary

Please note your representation should cover succinctly all the information, evidence and supporting information necessary to support/justify the representation and the suggested modification, as there will not normally be a subsequent opportunity to make further representations based on the original representation at publication stage. **After this stage, further submissions will be only at the request of the Inspector, based on the matters and issues he/she identifies for examination.**
