7. Please give details of why you consider the Local Plan is not legally compliant or is unsound or fails to comply with the duty co-operate. Please be as precise as possible. If you wish to support the legal compliance or soundness of the Local Plan or its compliance with the duty to cooperate, please also use this box to set out your comments.

We consider the Local Plan is unsound because of the scale and distribution of housing and the selection methods used for appraising individual sites. We also feel that insufficient regard has been taken of the benefits the site can deliver and that the selection process is not sufficiently reflective of sustainability issues.

Continue on a separate sheet if necessary

8. Please set out what modification(s) you consider necessary to make the Local Plan legally compliant or sound, having regard to the test you have identified at 7. above where this relates to soundness. (Please note that any non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why this modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

The allocation of sites previously submitted on behalf of our client at Hatton Green should be revisited and preferred in preference to others which are being allocated. Hatton Green is an excellent location and should provide for a high degree of housing allocations in the Plan process and the benefits that the site at Hatton Green would bring (R073) are significant and so it should be preferred in preference to the site at Hatton Park for which we understand there have been substantial objections.

Continue on a separate sheet if necessary

Please note your representation should cover succinctly all the information, evidence and supporting information necessary to support/justify the representation and the suggested modification, as there will not normally be a subsequent opportunity to make further representations based on the original representation at publication stage. **After this stage, further submissions will be only at the request of the Inspector, based on the matters and issues he/she identifies for examination.**

9. If your representation is seeking a modification, do you consider it necessary to participate at the oral part of the examination?

No, I do not wish to participate at the oral examination

☐

Yes, I wish to participate at the oral examination

☒

10. If you wish to participate at the oral part of the examination, please outline why you consider this to be necessary:

We reserve our position on this and we will revisit this in the light of information to be provided on how procedurally the Inquiry will run and what supporting statements and evidence can be submitted.

Continue on a separate sheet if necessary

Please note: This written representation carries the same weight and will be subject to the same scrutiny as oral representations. The Inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to participate at the oral part of the examination.
