Part B - Commenting on the Stratford Road Gypsy and Traveller Preferred Site

The policy in the Draft Local Plan will list the criteria by which Gypsy and Traveller sites will be judged for suitability and sustainability. These are the criteria:

- a) the site is within reasonable distance of schools, GP surgeries, dentists, hospitals, shops and community facilities;
- b) the site has good access to the major road network;
- c) the site is of a suitable size to accommodate between 5 and 15 pitches for permanent sites or 12 pitches for transit sites;
- d) it can be demonstrated that infrastructure requirements can be adequately met;
and
- e) there is potential for the site to be adequately screened.

What is the nature of your representation? Support Object Comment

Please set out full details of your objection or representation of support with reference to the criteria above.

This site with its adjacency to local sewage works is not fit for human habitation. The interested parties may be keen for development of this site for commercial use, as it may be the most financially rewarding for residence within the "cordon sanitaire" around the Severn Trent works. Once this has been deemed a suitable site, residents may demand further, more suitable living areas – hence, building sites here will lead to resentment from travellers that such a poor place was deemed suitable for them. In addition, the floods in this area and around flood multiple times each year – this does not seem a suitable site for caravans or mobile homes.

Recent approval has been made for sites in the Solihull area less than 20 miles away – including pitches at Earlswood, Bickenhill and Shirley – therefore, there is already planned accommodation from adjacent councils for travellers in this area.

There is a huge financial impact on Warwick, which is a place of tourism (both the historic sites of the town, and the castle), and business (the Tournament fields area), and there is no evidence of any positive effect on local finances or community by the introduction of permanent traveller sites. Recent (April 2014) temporary unauthorized traveller residence had a negative impact on the Longbridge area of Warwick in terms of refuse, destruction of property (including fenced access to the nearby school) and intimidating behaviour towards local residents.

There has been no examination of safeguarding issues regarding the local Aylesford School – a local secondary and sixth form, and soon to be primary, less than 100 yards from the intended site.
