All comments made at this stage of the process are required to follow certain guidelines as set out in the **Representation Form Guidance Notes** available separately. In particular the notes explain what is meant by legal compliance and the 'tests of soundness'.

7. Please give details of why you consider the Local Plan is not legally compliant or is unsound or fails to comply with the duty co-operate. Please be as precise as possible. If you wish to support the legal compliance or soundness of the Local Plan or its compliance with the duty to cooperate, please also use this box to set out your comments.

It is hard to see why there is a need for additional employment land, given the site's proximity to Tournament Fields which even 15 years after commencement, still has a lot of capacity left to fill. Longbridge is a Rural Area that is supposed to be protected from development which is not absolutely necessary.

If this site goes ahead there would be oppressive industrial developments on both sides of the A429 - one of the busiest routes into historic Warwick town centre and Warwick Castle which is used daily by the many visitors and tourists that are the lifeblood of much of the town's industry.

Vacant industrial sites (like Tournament Fields currently is, and the new site is likely to be) lying empty year upon year are simply not good for the town's image.

Continue on a separate sheet if necessary

8. **Please set out what modification(s) you consider necessary to make the Local Plan legally compliant or sound, having regard to the test you have identified at 7. above where this relates to soundness. (Please note that any non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why this modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.**

Continue on a separate sheet if necessary

Please note your representation should cover succinctly all the information, evidence and supporting information necessary to support/justify the representation and the suggested modification, as there will not normally be a subsequent opportunity to make further representations based on the original representation at publication stage. **After this stage, further submissions will be only at the request of the Inspector, based on the matters and issues** he/she identifies for examination.
