Part B - Commenting on the Stratford Road Gypsy and Traveller Preferred Site

The policy in the Draft Local Plan will list the criteria by which Gypsy and Traveller sites will be judged for suitability and sustainability. These are the criteria:

- a) the site is within reasonable distance of schools, GP surgeries, dentists, hospitals, shops and community facilities;
- b) the site has good access to the major road network;
- c) the site is of a suitable size to accommodate between 5 and 15 pitches for permanent sites or 12 pitches for transit sites;
- d) it can be demonstrated that infrastructure requirements can be adequately met;
and
- e) there is potential for the site to be adequately screened.

What is the nature of your representation? Support Object Comment

Please set out full details of your objection or representation of support with reference to the criteria above.

I wish to submit a strong objection to the proposed gypsy and traveller site on Stratford Road.

The site is next to a major sewerage works which can be smelt from almost a mile away on some days. This would be so unpleasant for the gypsy community and is surely unhygienic especially for their children. The site is surrounded by the M40, the River Avon and the sewerage works, how does this constitute a safe environment?

It requires a significant amount of screening/protection from the main tourist route into Historic Warwick, the M40, the River Avon and the Severn Trent sewage works. As it is currently agricultural land it will also require hard surfacing works and connection to utilities.

It is in a flood zone and so requires flood risk mitigation with all associated costs.

The existing access roads will require improvement to ensure suitability.
