7. Please give details of why you consider the Local Plan is not legally compliant or is unsound or fails to comply with the duty co-operate. Please be as precise as possible. If you wish to support the legal compliance or soundness of the Local Plan or its compliance with the duty to cooperate, please also use this box to set out your comments.

I consider the proposals for a Gypsy and Travellers Site at Longbridge, Stratford Road, Warwick to be unsound and non-compliant with national guidelines in the areas précised below:

1. The area is subject to a high risk of flooding, and no firm methods of mitigation have been proposed.
2. No proposals for the prevention of pollution in the River Avon from surface water run-off, and human waste.
3. The proposed site has too many adjacent hazards for it to be safe for children (sewage works, council depot, river, busy road and motorway). To protect large numbers of children, it will have to be effectively fenced off, creating an unpleasant environment to live in.
4. The development will blight nearby properties, ongoing housing development and the future prospects of Tournament Fields which I believe is designated as Warwick's prime employment area, and is essential to Warwick's future economy.
5. I believe insufficient time for consultation on this site has been given to the public, resulting in frustration and confusion over lack of details and a general feeling that WDC are trying to push this proposal through as quickly as possible.
6. Access from Stratford Road is problematic and dangerous.
7. No real consideration has been given to the impact on local amenities, including GP practice, housing development, open spaces or the affect on local schools due to children only attending intermittently.

Continue on a separate sheet if necessary

8. **Please set out what modification(s) you consider necessary to make the Local Plan legally compliant or sound, having regard to the test you have identified at 7. above where this relates to soundness. (Please note that any non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why this modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.**

- I suggest a longer, and public, consultation which would address the above concerns, including alternative sites which would reduce the impact on the existing local community, and a significant reduction in the scale of any sites in line with national guidance.

Continue on a separate sheet if necessary

Please note your representation should cover succinctly all the information, evidence and supporting information necessary to support/justify the representation and the suggested modification, as there will not normally be a subsequent opportunity to make further representations based on the original representation at publication stage. **After this stage, further submissions will be only at the request of the Inspector, based on the matters and issues** he/she identifies for examination.

No, I do not wish to participate at the oral examination

Yes, I wish to participate at the oral examination

10. If you wish to participate at the oral part of the examination, please outline why you consider this to be necessary:

Continue on a separate sheet if necessary

Please note: This written representation carries the same weight and will be subject to the same scrutiny as oral representations. The Inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to participate at the oral part of the examination.
