Re Proposed Gypsy Travellers &

13233

Dear Sir/Madam

Having recently attended a residents meeting regarding the above proposed travellers site I feel it necessary to add my concerns to the other residents in the surrounding vicinity.

The concerns are obvious.

- 1/ Health regarding the close proximity of the Soen Trent Treatment Site (offensive smells)
- 2/ The proposed site on a flood plain
- 3/ The proposed access on an already extremely busy main road, and off a dangerous bend.
- 4/ The effect on future housing and business development in this area of Warwick.
- 5/ The effect it may have on tourism to the two hotels in the area.
- 6/ The noise and danger from the close by M40 and Longbridge roundabout.

I feel the concerns of the thousands of Warwick residents should be the priority of the Warwick District Council and not the few Gypsy Travellers.

I am totally against this proposed site. The District Council should think again and put Warwick residents first.
