Planning Regulations 2012.

Notice of Consultations Gypsies and Travellers Preferred Sites, Consultation
land, at Stratford Road, Warwick, Regulation 18.

I support the Warwick District Councils Planning intentions, for the establishment of a Gypsy and Travellers, site, as marked out on the ordinance map, off the Stratford Road Warwick, and, with out prejudice, think it is the best put forward, as yet, to solve an issue that must be dealt with

I think the Europa Way and Harbury Lane intended sites should be moved onto this one comprehensive establishment. The distance between the sites is negligible, occupants all have vans pot. The initial site at Longbridge should be of this size. Applying to W.D.C. I believe these sites of tax payers expanse, should own outright the land they are placed on, and it is the Councils statute duty to regulate, Police and run viably these properties, as they do their Council house estates. Gypsy sites should not be "dumped" in the countryside out of sight they are not part of it; any more than urban ones are. Elected District Councillors, in Council, should be responsible for them, and not delegated out to various commercial bodies.

The Stratford Rd, Warwick site should be outlined, of a size that considers the above, acts on what it can, and be further than (now) 37 meters from a residential dwelling.
