## Part B - Commenting on the Stratford Road Gypsy and Traveller Preferred Site

The policy in the Draft Local Plan will list the criteria by which Gypsy and Traveller sites will be judged for suitability and sustainability. These are the criteria:

- a) the site is within reasonable distance of schools, GP surgeries, dentists, hospitals, shops and community facilities;
- b) the site has good access to the major road network;
- c) the site is of a suitable size to accommodate between 5 and 15 pitches for permanent sites or 12 pitches for transit sites;
- d) it can be demonstrated that infrastructure requirements can be adequately met; and
- e) there is potential for the site to be adequately screened.

What is the nature of your representation?      Support       Object      Comment

Please set out full details of your objection or representation of support with reference to the criteria above.

Based on the Local Plan Oct. 2014 obtained from the Warwick Library on 8 Nov. 14.

a) I disagree, the school siting is too far for small children to walk. (Travellers usually having small children). This will therefore cause more chaos on an already heavy traffic road at peak times towards Junction 15 from Warwick.

The other facilities are hardly close by.

b) I strongly disagree with this comment. It may be close to Junction 15 of the motorway system but the access to the traveller's site from the Stratford Road, A 429, is off a very bad bend in the road, into an existing narrow roadway.

e) Maps 1 & 2 in the local plan document, show screening to the N & S but no physical barrier to the River Avon itself.

Continued...

I think that would be very dangerous.

Who would stop poaching from the river?

Debris being thrown into it?

Who would clear the mess from the site when they move on?

This site would hardly be a good advertisement for visitors coming to Warwick's beautiful town.

Do you have any other suggestions for land within this district that you think would be suitable for use as a Gypsy and Traveller site, bearing in mind the criteria for site identification? If so, please give the location and the land owner's details below:
