(Please tick)

Positively Prepared:	<input type="checkbox"/>
Justified:	<input type="checkbox"/>
Effective:	<input type="checkbox"/>
Consistent with National Policy:	<input type="checkbox"/>

7. Please give details of why you consider the Proposed Modifications to the Submission Warwick District Local Plan are not legally compliant or are unsound. Please be as precise as possible. If you wish to support the legal compliance or soundness of the Proposed Modifications, please also use this box to set out your comments.

Comments on the proposed modifications: The proposed modifications to the allocated housing site include the increase in number of dwellings on sites immediately adjacent to the canal (Map 3, H13 & H16; Map 29, H29 & H30) and extend or introduce new housing allocations on sites within close proximity to the canal (Map 21 H28 & H53; Map 20, H27 & H51)

We would reiterate previous comments that any development at these allocations would be required to not adversely affect the integrity of the waterway structure, quality of the water, result in unauthorised discharges and run off or encroachment; detrimentally affect the landscape, heritage, ecological quality and character of the waterways; prevent the waterways potential for being fully unlocked or discourage the use of the waterway network.

The site appraisals undertaken in relation to many of these sites identify the need for development to provide a choice of transport modes including public transport, cycling and walking. We would seek for any development to relate appropriately to the waterway and optimise the benefits such locations can generate for all parts of the community.

With regards to the increase in density to H29 & H30 is understood to be on the basis that these are to be developed together and therefore any future proposed development can accommodate the increase whilst responding positively to the constraints that exist, including the need to respond to the canal setting and drainage/flooding issues.

The new / increased allocations at Hatton Park and Hampton Magna will have an impact on the highway network

Continue on a separate sheet if necessary

You will need to say why this change will make the Local Plan/Sustainability Appraisal legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.
