Our client acknowledges the Broad Locations identified in draft Policy DS10.

Our client does not support the quantum of development identified as being able to be delivered on greenfield sites on the edge of Coventry. Our client considers that land to the south of Coventry is capable of delivering additional dwellings to help the Council meet its full Objectively Assessed Housing Need and boost significantly the supply of housing.

For further information please refer to our clients response to Mod 14.

Continue on a separate sheet if necessary

8. Please set out what change(s) you consider necessary to make the Proposed Modifications to the Submission Warwick District Local Plan legally compliant or sound, having regard to the test you have identified at Question 5 above where this relates to soundness. You will need to say why this change will make the Local Plan/Sustainability Appraisal legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

Our client considers that in order to ensure that the Council is able to deliver against its housing requirement a greater quantum of land should be released from the Green Belt to ensure that there is capacity in the future to provide choice and flexibility in the market.

For further information please refer to our clients response to Mod 14.

Continue on a separate sheet if necessary

Please note your representation should cover succinctly all the information, evidence and supporting information necessary to support/justify the representation and the suggested changes, as there will not normally be a subsequent opportunity to make further representations. Further submissions will be only at the request of the Inspector, based on the matters and issues he/she identifies for examination.
