Continue on a separate sheet if necessary

8. Please set out what change(s) you consider necessary to make the Proposed Modifications to the Submission Warwick District Local Plan legally compliant or sound, having regard to the test you have identified at Question 5 above where this relates to soundness. You will need to say why this change will make the Local Plan/Sustainability Appraisal legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

These modifications have far reaching impact on Stoneleigh and Ashow Joint Parish. The area of greenbelt has been identified as important and functioning well in its role of limiting urban sprawl and maintaining the integrity of the villages. The modifications have not been subjected to democratic scrutiny. They are not supported by an adequate appraisal of the implications for this area and the wider area. Until these issues are addressed the Local Plan will remain not legally compliant and not sound.

Continue on a separate sheet if necessary

Please note your representation should cover succinctly all the information, evidence and supporting information necessary to support/justify the representation and the suggested changes, as there will not normally be a subsequent opportunity to make further representations. Further submissions will be only at the request of the Inspector, based on the matters and issues he/she identifies for examination.

Most of the modified submission relates to increasing the number of new houses and propose building in the narrow greenbelt between Kenilworth-Stoneleigh and Coventry. This is contrary to the NPPF requirements to maintain separation between towns and prevent coalescence.

The proposed new housing numbers are based on Coventry housing numbers and population expansion which have not been approved in a LP examination and could be revised before 2017; therefore the proposals are unjustified and premature.

The Coventry CC claim to not have any alternative sites has not been critically examined. Large areas of Coventry Greenbelt could be developed which would have far less damage than WDC's proposals.

The claim by WDC to be providing sub-regional solutions in Warwick District to provide employment land and overspill housing for the Coventry part of the West Midlands Combined Authority is against the NPPF requirements that all new development should have a Sustainability Assessment. The proposals require a Sub-Regional Sustainability Assessment to be legally valid.

Warwick District Council have not provided an overall sub-regional plan to indicate the way their proposals fit in with neighbouring development and this poor planning process makes the proposals ineffective.

The NPPF requires consultation on any Local Plan and this has not been undertaken. A solution has been proposed and has not been determined by detailed analysis of the sub regional problems and consultation with the residents. The lowest tier of democratic representation, the Parish Councils have just been presented with major changes to their area and have not been consulted before decisions were made.

Working to an October 2015 Memorandum of Agreement with the neighbouring Councillors and Planners to provide additional housing for the West Midlands Combined Authority is circumventing the democratic process and the NPPF

The impact of several thousand new houses at Thickthorn and Kings Hill next to the A46 which is running at over capacity has not been considered. WCC confirm that the A46 currently carries almost as much traffic as the M40 and 50% more traffic than the M69 (86,000 vehicle movements per day in 2014).

9. If your representation is seeking a change, do you consider it necessary to participate at the oral part of the examination?

No, I do not wish to participate at the oral examination

Yes, I wish to participate at the oral examination

10. If you wish to participate at the oral part of the examination, please outline why you consider this to be necessary:

IT IS A DEMOCRATIC PROCESS

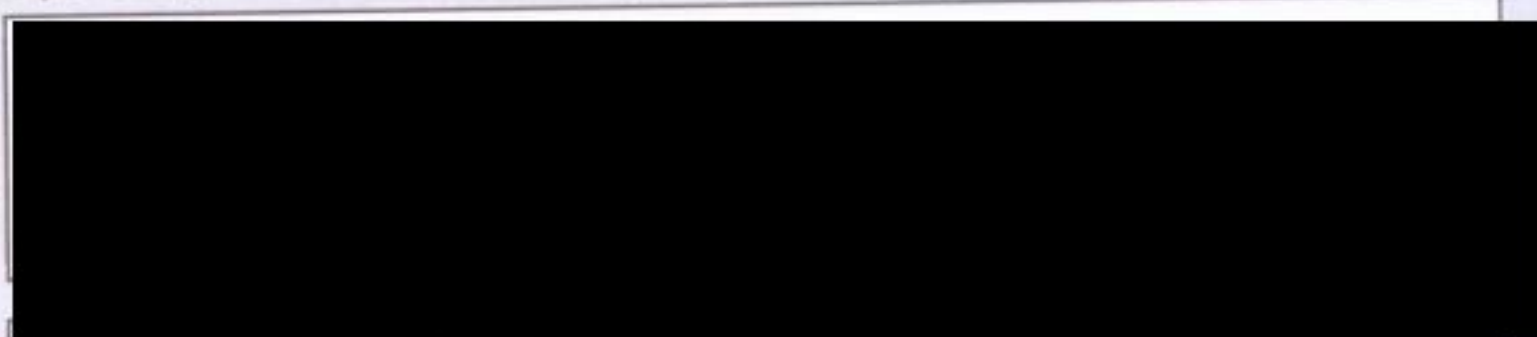

Continue on a separate sheet if necessary

Please note: This written representation carries the same weight and will be subject to the same scrutiny as oral representations. The Inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to participate at the oral part of the examination.
