7. Please give details of why you consider the Proposed Modifications to the Submission Warwick District Local Plan are not legally compliant or are unsound. Please be as precise as possible. If you wish to support the legal compliance or soundness of the Proposed Modifications, please also use this box to set out your comments.

- There are no exceptional circumstances that would require the land to be developed.
- If this initial phase of development was allowed then it would be hard to prevent further large scale development, and this would blur the boundaries between Leamington and Kenilworth.
- This land productive farming land and if lost, will have a huge impact on the natural habitat and wildlife.
- We will lose our country footpaths, which have been the sources of much pleasure from walking, running, cycling and walking the children and dogs. Schools and community groups regularly use this land.
- Having looked at the draft proposal, it appears that this housing is planned to meet Coventry's housing need. I don't not understand therefore why it is proposed to be built so close to Leamington, when surely it seems more logical to build this development closer to Coventry. This would allow less commuting and be more affordable for residents.
- The draft proposal also appears to suggest creating a 'park and ride' within this area, which is also seems poorly considered. There is very little evidence of successful 'park and ride' schemes in the county, and when we are only talking about a distance of a couple of miles and with plenty of parking spaces available be in the town centre, this would be a waste of money and would ruin the beautiful landscape that greets you as you enter the town from the A452

8. Please set out what change(s) you consider necessary to make the Proposed Modifications to the Submission Warwick District Local Plan legally compliant or sound, having regard to the test you have identified at Question 5 above where this relates to soundness. You will need to say why this change will make the Local Plan/Sustainability Appraisal legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

- The land north of Milverton should remain green belt
- The development proposed on the land north of Milverton should be relocated to alternative sites closer to Coventry which have a lower 'green belt' value and are capable of delivering the required housing.
