If you wish to support the legal compliance or soundness of the Proposed Modifications, please also use this box to set out your comments.

The additional housing proposed (in H40) will have a detrimental impact on the local transport system which has already been put under stress from the original local plan. The original proposal re-sited the school to Glasshouse Lane. This would be accompanied by the additional traffic generated by staff, public transport and parents taking pupils to school by car. The additional housing around the proposed school site will increase congestion, pollution and safety in this area. Since the housing (H40) is bounded on one side by the A46 all access to the road network would be via Glasshouse Lane. This single lane carriage way cannot adequately accommodate 2

8. Please set out what change(s) you consider necessary to make the Proposed Modifications to the Submission Warwick District Local Plan legally compliant or sound, having regard to the test you have identified at Question 5 above where this relates to soundness. You will need to say why this change will make the Local Plan/Sustainability Appraisal legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

The additional housing proposed in H40 needs to be re-allocated to site(s) where the infrastructure can better support the demands placed upon it.

Continue on a separate sheet if necessary

Please note your representation should cover succinctly all the information, evidence and supporting information necessary to support/justify the representation and the suggested changes, as there will not normally be a subsequent opportunity to make further representations. Further submissions will be only at the request of the Inspector, based on the matters and issues he/she identifies for examination.

7. (continued)

The load proposed by the modifications and the character of the road through this pleasant residential area will be lost.

Access to road networks beyond the town from H40 requires access to the A46. The two access points (the A46/A452 and the Stoneleigh Road/A46) currently already suffer from high congestion at peak times, particularly at the A46/A452 junction where traffic backs up into the town centre. The modifications in the plan will increase the strain on these routes excessively leading ^{further} pollution, noise and congestion.

9. If your representation is seeking a change, do you consider it necessary to participate at the oral part of the examination?

No, I do not wish to participate at the oral examination

Yes, I wish to participate at the oral examination

10. If you wish to participate at the oral part of the examination, please outline why you consider this to be necessary:

Continue on a separate sheet if necessary

Please note: This written representation carries the same weight and will be subject to the same scrutiny as oral representations. The Inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to participate at the oral part of the examination.
