Re: Hampton Magna increase in housing density to the land H27 and allocation of land H51.

I would like to OBJECT to the above for the following reasons.

- i) Increase in traffic.
- ii) Poor air quality (due to increased traffic)
- iii) Reduction in value to our home as people would not want to live in our house.
- iv) Increased noise

v) Inability for us to get out
of our drive due to increased
traffic

Yours

Susanna Till .
