7. Please give details of why you consider the Proposed Modifications to the Submission Warwick District Local Plan are not legally compliant or are unsound. Please be as precise as possible. If you wish to support the legal compliance or soundness of the Proposed Modifications, please also use this box to set out your comments.

Consultation of the huge numbers of houses planned now was not made known in an appropriate time with the residents of Finham who are most affected by this proposal.

It has not been shown by Coventry City Council that they have explored the many brown field sites in the city area before suggesting a beautiful green field site, which is working farmland, which will be destroyed if this development proceeds. This area is also home to many species of animal including bats, badgers, crested newts and is also a source of drinking water.

The infrastructure in this area is under strain at the moment, such a huge increase in the number of people living here will require road improvements around the whole of the new development which would have to take account of the protected hedgerows along Green Lane. Sewage and water removal from properties would have to be improved and the local disposal plant upgraded to cope with the heavier demand with confirmation that the River Sowe can also cope with the heavier demand especially at the times of flooding which is more common nowadays.

The local community of Finham will be dwarfed by this number of new housing on its doorstep. It is disproportionate with the housing currently existing, more than trebling the housing stock. The density of population will become intolerable.

Continue on a separate sheet if necessary

8. Please set out what change(s) you consider necessary to make the Proposed Modifications to the Submission Warwick District Local Plan legally compliant or sound, having regard to the test you have identified at Question 5 above where this relates to soundness. You will need to say why this change will make the Local Plan/Sustainability Appraisal legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

Any new housing development must take account of the wildlife, accommodate as much as possible the farming that goes on here, that considers the protected hedgerows and foremost is proportional to the size of the existing number of houses in the area.

A new development would need extensive planning and consideration for current roads, new roads, drainage, sewage, underground pipelines, new power lines, schools, libraries, community centre and fit in with the surroundings.

Continue on a separate sheet if necessary

Please note your representation should cover succinctly all the information, evidence and supporting information necessary to support/justify the representation and the suggested changes, as there will not normally be a subsequent opportunity to make further representations. Further submissions will be only at the request of the Inspector, based on the matters and issues he/she identifies for examination.

9. If your representation is seeking a change, do you consider it necessary to participate at the oral part of the examination?

No, I do not wish to participate at the oral examination

Yes, I wish to participate at the oral examination

10. If you wish to participate at the oral part of the examination, please outline why you consider this to be necessary:

Continue on a separate sheet if necessary

Please note: This written representation carries the same weight and will be subject to the same scrutiny as oral representations. The Inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to participate at the oral part of the examination.

11. Declaration

I understand that all comments submitted will be considered in line with this consultation, and that my comments will be made publicly available and may be identifiable to my name/organisation.
