The current infrastructure is inadequate for increased families multiple cars and children per household, utilising roads and schools. Increased heavy loads and very large trucks will result in increased risk of child safety, especially as access is by the playground. Last time we had building work on the King Edwards area all the grass verges up the main road round Hadden were reduced to mud with deep wide load tyre tread marks, if they mount the green areas and paving to access then surely this is an accident waiting to happen?

There are other more suitable areas for further development this is

a truly beautiful part of our estate which is viewed from the only playground and Village Hall, it should not be ruined.

8. Please set out what change(s) you consider necessary to make the Proposed Modifications to the Submission Warwick District Local Plan legally compliant or sound, having regard to the test you have identified at Question 5 above where this relates to soundness. You will need to say why this change will make the Local Plan/Sustainability Appraisal legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

Surely land nearer the train station would be more suitable? There are local shops, doctors and an under subscribed school.
