

Mr. Kevin Ward,  
Planning Inspectorate,  
Temple Quay House,  
2, The Square,  
Avon,  
Bristol  
BS1 6PN.

Dear Mr. Ward,

Re: - Warwick District Council Local Plan 2016

May I first state how concerned I am, as a resident of Finton, about the lack of publicity and consultation, concerning the planned building of 4,000 houses just over our Coventry border on Warwick District Council land.

There have been previous Local Plans in which Finton residents have been kept in the picture resulting in many hundreds of objections. I invite you to most kindly look at them, and then see the number of objections this time, which I venture to suggest which will be a very small percentage of previous objections.

This cannot be right and is an affront to the democratic process. This time the only publicity from Coventry Council and Warwick District Council has been the deposit of the Local Plan in the little used Finton library.

In addition the form to be filled in only seems to be available via the Internet thus ruling out over 30% of the electorate many of whom are pensioners. Even then, unlike in previous local plans, finding information on the web site has been very difficult. In previous Local Plans an exhibition was held within the Coventry boundary to explain the plans.

Your comments on this matter would be most appreciated.
