7. Please give details of why you consider the Proposed Modifications to the Submission Warwick District Local Plan are not legally compliant or are unsound. Please be as precise as possible. If you wish to support the legal compliance or soundness of the Proposed Modifications, please also use this box to set out your comments.

The local roads are not sufficient to support the additional housing. The roads in Cubbington village are narrow, with residents parking on one side. This means there is only enough space for one car, and frequently this causes jams which will increase with more traffic, causing disruption to residents. Likewise there is already insufficient parking in the village. There are bats living in the HSO area, which would be impacted. The land in HSO slopes down toward Thyn Stile Close, and rain fall already gathers at the bottom of the field, near the houses. This would increase with the housing, presenting a flood risk to existing housing.

Continue on a separate sheet if necessary

8. Please set out what change(s) you consider necessary to make the Proposed Modifications to the Submission Warwick District Local Plan legally compliant or sound, having regard to the test you have identified at Question 5 above where this relates to soundness. You will need to say why this change will make the Local Plan/Sustainability Appraisal legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

I cannot think of any solution to the narrow roads in Cubbington village, neither can I see any ~~land~~ land available for car parking.

~~The~~ An environmental survey would be required to identify the location of the bats and arrange for them to be moved.

The flood risk would require additional drainage, plus a guarantee from WDC to pay for any future flood damage.

Finally, these can all be avoided by returning to the original plan which does not require HSO

Continue on a separate sheet if necessary

Please note your representation should cover succinctly all the information, evidence and supporting information necessary to support/justify the representation and the suggested changes, as there will not normally be a subsequent opportunity to make further representations. Further submissions will be only at the request of the Inspector, based on the matters and issues he/she identifies for examination.
