- It's Green Belt and should not be available for residential development period. A further encroachment on green field sites will only exacerbate what is becoming a major national issue. The need for new homes is not proven to the extent of the numbers involved.
- Access to the proposed development from the Birmingham Road is not suitable for heavy trucks, plant and equipment and all other vehicles associated with the construction stage.
- Addition of 55 houses will impact severely on the existing and limited local amenities including the road infrastructure within Hatton Park.
- Traffic on the Birmingham Road is already very high and the addition of further developments in this neighbourhood would take it to dangerous levels.
- In short this site is clearly unsuitable for any kind of development and should be left as it is.
