If you wish to support the legal compliance or soundness of the Proposed Modifications, please also use this box to set out your comments.

1. Barcheston drive too narrow for lorry + heavy plant movements. The bus swages to negotiate traffic already already + parked cars.
2. Impact on village Hall + local play area, planted Orchard, sports facilities. with the steep gradient, this junction location is far from ideal, especially with the creter effect on aforementioned.
3. wider infrastructure (B1601 Rd) will swage to support additional traffic. At peak times this road is already heavily congested.
4. wider number of fatalities + serious accidents in recent years on this road, with increase of traffic volume, will only increase likelihood of accidents.

Continue on a separate sheet if necessary

8. Please set out what change(s) you consider necessary to make the Proposed Modifications to the Submission Warwick District Local Plan legally compliant or sound, having regard to the test you have identified at Question 5 above where this relates to soundness. You will need to say why this change will make the Local Plan/Sustainability Appraisal legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

The Oakland Farm site, which was under construction as a traveller site, together with the remainder of that farm could be used for housing instead, although it is acknowledged this does not address concerns over increased traffic on Birmingham road or lack of public infrastructure etc.
