Dear Sir / Madam,

Re:- Proposed plans for building on  
Fields H51 & H27 at Hampton Magna

I am writing to express concern about the recent proposal to build quite a large number of houses in H. Magna. I have only lived in the village for 18 months, but find the traffic quite bad in the mornings. Occasionally, when there is a problem on the by-pass or M40, it takes quite a while to get out of the village into Warwick, having been late for appointments on 2 occasions in one month. So more traffic will be a large problem.

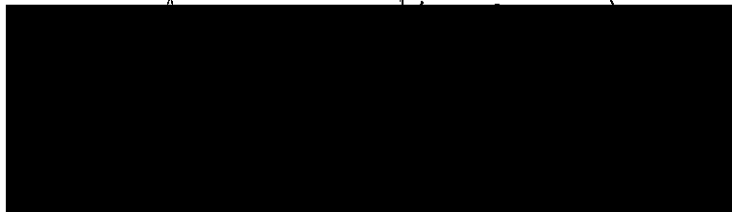

I live on the corner of Summer Drive with Woodway & Daly Avenues, which is a quiet backwater, so I fear that a road onto Daly Avenue from new

houses would make quite a considerable hazard, as quite a few schoolchildren walk past in the mornings + afternoons, so that is a concern!

Also the doctors and school would be too over-stretched, as the Doctor's surgery is only small. I haven't got children at the school, but I can assume that it wouldn't be big enough as it is.

I would ask you to consider these points before any plans are given the go-ahead.

Yours faithfully.
