Dear Sir

As a resident of Hampton-on-the-Hill & living between 2 roads, namely Old School Lane & Hampton Rd I am very concerned regarding the amount of increased traffic.

Hampton Rd is a very narrow road & more & more heavy traffic is using it with the result passing vehicles have no room to manoeuvre.

With the proposed 245 dwellings to be built in Hampton Magna construction vehicles will be obliged to use the route through my village & I do not think the roads can cope.

I am therefore, very much in favour of a proposed new

route from the A4189, Henley  
Rd giving access to Hampton  
Magna, Lakeside Parkway  
Station & all additional services,  
hopefully, freeing Hampton-on-  
the-Hill from the burden of  
incessant Traffic.

Sincerely,
