I consider the proposed modification is unsound. There are sustainable sites closer to Coventry which should be used in preference to the land North of Milverton. These sites have a lower Green Belt value and I feel should be used in preference to the land north of Milverton. Leamington will be nearly joined to Hemsworth with both losing their sense of community. Farmland will be lost and wild life habitat. Our area will be changed, losing its value as an area for

In order for Modification 16 to become sound I believe the land North of Milverton should remain in the Green Belt.

The proposed modifications for developing land north of Milverton will change the character of the existing area from a place where many people enjoy walking, running and cycling to an area where the levels of pollution of all kinds - air, noise especially will increase and traffic farming and wild life habitat will be lost.

The Park - Ride Scheme will not work for the following reasons

- Most employment is south of the town and traffic crosses North to South
- There is plenty of parking in Leamington
- There will be no dedicated buses
