Attachment to Response to Local Plan

7) Modification No.16- Removal of land north of Milverton from the Green Belt

OBJECTION

Warwick District Council has not shown that the exceptional circumstances which are required to remove land from the Green Belt exist.

This land is designated high value Green Belt and should be protected from any development which would completely spoil the heritage of Old Milverton and Blackdown areas.

The area is in constant use by people walking, cycling, running and educational visits.

This proposed development is supposed to give Coventry City Council assistance with their housing problems. Will people who now live in Coventry want to move away from where they work? Coventry City Council should be looking at the areas immediately around Coventry to build these extra houses. There are large plots of land that could be used that are at the moment empty. If as was said at the meeting held on 14th March when (and if) these houses are built they could be purchased by anyone (not just Coventry residents), then surely this would not help Coventry City Council's housing problem and more houses would have to be built .

The infrastructure to support the building of these houses, e.g. shops, petrol stations, doctors, etc., does not exist. The number of houses themselves would cause considerable strain on the roads and parking in the area. South of the river in Leamington has more space and the support infrastructure already in place.

8) Modification No. 14 – Allocation of land north of Milverton for Development

The land should remain designated Green Belt. It is the entrance to Leamington Spa that is known to everyone who visits and makes it such a pleasant place to live and spend time in.

Coventry has a lot of land that it could use to build these houses on.

9. If your representation is seeking a change, do you consider it necessary to participate at the oral part of the examination?

Yes, I wish to participate at the oral examination

10. If you wish to participate at the oral part of the examination, please outline why you consider this to be necessary:
