7. Please give details of why you consider the Proposed Modifications to the Submission Warwick District Local Plan are not legally compliant or are unsound. Please be as precise as possible. If you wish to support the legal compliance or soundness of the Proposed Modifications, please also use this box to set out your comments.

It is not sound as the WDC has not demonstrated that EXCEPTIONAL CIRCUMSTANCES required to remove the said land from the Green belt exists. The Development is to support Coventry and there exist plenty of sites closer to Coventry that can be developed. This land as a Green belt has immense 'value' to ecology of the area. Any development will destroy the 'green lung' and is not justified. Any development can be done elsewhere where Green belt is not damaged. The development will cause extreme congestion and park & ride is unsustainable.

Continue on a separate sheet if necessary

8. Please set out what change(s) you consider necessary to make the Proposed Modifications to the Submission Warwick District Local Plan legally compliant or sound, having regard to the test you have identified at Question 5 above where this relates to soundness. You will need to say why this change will make the Local Plan/Sustainability Appraisal legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

Leave the green belt alone! Protect our wildlife.

NO development on green belt!

7. Please give details of why you consider the Proposed Modifications to the Submission Warwick District Local Plan are not legally compliant or are unsound. Please be as precise as possible. If you wish to support the legal compliance or soundness of the Proposed Modifications, please also use this box to set out your comments.

Removal of green belt will reduce the 'green lung' between Leamington & Kenilworth to less than 1 1/2 miles. This is not sufficient. You completely destroy the character of Leamington and how beautiful it is. The green belt is highly productive farming land and long established habitat for wildlife. You can see many different birds, foxes and the very rarely protected endangered Great Crested Newt. The newt is now even more rare and endangered. They cannot be rehoused. This area is highly valued for its beauty and peace. Destroying the green belt is destroying Leamington!!
