It does not seem that in this case, the 'exceptional circumstances' required by the National Planning Policy Framework to remove this land from the Green Belt have been successfully demonstrated. Moreover, there are alternative sites on the edge of Coventry with a lower Green Belt value which could be used.

The plan would effectively encourage unnecessarily long distance commuting from Mithras to Coventry with negative environmental consequences. There would effectively be very little 'green lung' land between Kenilworth & Leamington if this plan was adopted & it would severely exacerbate (already congested) traffic problems.

The development proposed on the land north of Mithras should be relocated to alternative sites closer to Coventry which have a lower 'Green Belt' value & are capable of delivering the required housing.
