Paragraph Number	2.81
Mod. Policies Map Number:	Map 13 Site number H50

5. Do you consider the Local Plan is :

(Please tick)

Positively Prepared:	<input checked="" type="checkbox"/>
Justified:	<input checked="" type="checkbox"/>
Effective:	<input checked="" type="checkbox"/>
Consistent with National Policy:	<input checked="" type="checkbox"/>

7. Please give details of why you consider the Proposed Modifications to the Submission Warwick District Local Plan are not legally compliant or are unsound. Please be as precise as possible. If you wish to support the legal compliance or soundness of the Proposed Modifications, please also use this box to set out your comments.

The area H50 is all green belt and Government policy, as set out in the National Planning Policy Framework, is that green belt boundaries should only be altered in exceptional circumstances. The modifications do not set out any exceptional circumstances that justify removing this land from green belt.

The modifications to the local plan acknowledge that the flooding risk of surface drainage water from the H50 fields will require a significant new drainage to be employed if the houses in the lower parts of Cubbington, such as New Street are not to be flooded. These houses have been flooded in the past and while the recent flood alleviation measures are currently working these will be overwhelmed with the addition of such a substantial number of additional houses and roadways. This situation will be further exacerbated by the loss of woodland with the construction of HS2 which currently aids the absorption of surface water. There is no evidence of a thorough examination of the impact of surface water flooding within the amended local plan. This will put a significant number of existing households at increased risk [See pictures on continuation sheet of recent effects of rainfall on field H50].

The proposed H50 development will have a detrimental impact on the landscape to the east of Cubbington which will be in addition to the already proposed impact on landscape due to the construction of HS2.

The number of homes proposed for site H50 will require a road access from the B4453 close to the embankment to the road bridge over the HS2 line causing a potential traffic hazard due to reduced visibility and increased volume of traffic. Traffic on this road is already busy at peak times. There is no recognition of this within the amended plan

Please see additional sheet

8. Please set out what change(s) you consider necessary to make the Proposed Modifications to the Submission Warwick District Local Plan legally compliant or sound, having regard to the test you have identified at Question 5 above where this relates to soundness. You will need to say why this change will make the Local Plan/Sustainability Appraisal legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

Withdraw the plan to build houses on site H50.

Withdraw the proposal to redesignate green belt land at the eastern side of Cubbington.

Reinstate the sentence at 2.56 stating the need for houses to be built in blocks of 50 in village locations.

Continue on a separate sheet if necessary

Please note your representation should cover succinctly all the information, evidence and supporting information necessary to support/justify the representation and the suggested changes, as there will not normally be a subsequent opportunity to make further representations. Further submissions will be only at the request of the Inspector, based on the matters and issues he/she identifies for examination.

9. If your representation is seeking a change, do you consider it necessary to participate at the oral part of the examination?

No, I do not wish to participate at the oral examination

Yes, I wish to participate at the oral examination

10. If you wish to participate at the oral part of the examination, please outline why you consider this to be necessary:

I feel it is necessary to participate in a meeting because the completion of this form has been complex and is a barrier to public engagement. The wording is legalistic and off putting and the questions, the plan itself and the appendices all appear to be designed to prevent ordinary people, who will be the ones directly affected by this plan, from participating.

Continue on a separate sheet if necessary

Please note: This written representation carries the same weight and will be subject to the same scrutiny as oral representations. The Inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to participate at the oral part of the examination.

11. Declaration
