:::	I believe the proposed plan to build 55 houses is unsound because the access to the new houses (by Hatton Pich village hall) is likely to be a similar gradient to other adjacent roads on Hatton Park These roads become very hard to access during icy conditions forcing residents to park on higher ground e.g. Barcheston Drivand area round the shop. This leads to aclothonal congestion

	The access will also lead to a lack of parking for the ullage half forcing people to park yet again on Barcheston Drive which needs to be clear for the bus access/route and more importantly this will make accessing the park difficult for children - they will have to cross between parked cars. contin
