7. Please give details of why you consider the Proposed Modifications to the Submission Warwick District Local Plan are not legally compliant or are unsound. Please be as precise as possible. If you wish to support the legal compliance or soundness of the Proposed Modifications, please also use this box to set out your comments.

The Government's National Planning Policy Framework states that "Green Belt areas should only be altered in exceptional circumstances" (s9p.83) and "where significant development of agricultural land is demonstrated to be necessary, local planning authorities should seek to use areas of POORER QUALITY LAND IN PREFERENCE TO THAT OF HIGH QUALITY". Warwick District Council's local plan: proposed modifications pg 39 acknowledges the "potential for a major long-term negative effect" on the ~~the~~ imprudent use of land and natural resources. Moreover, it acknowledges that the site is "Grade(a) best and most versatile agricultural land". This site is a national resource which deserves protection for the future. There are no special circumstances which merit the development of this site.

8. Please set out what change(s) you consider necessary to make the Proposed Modifications to the Submission Warwick District Local Plan legally compliant or sound, having regard to the test you have identified at Question 5 above where this relates to soundness. You will need to say why this change will make the Local Plan/Sustainability Appraisal legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

Another area of development should be proposed where there is less impact on biodiversity and where there is no loss of the boundary between the adjacent woodland, hedgerow and field habitats. The Environment Agency's website shows that the proposed site is at risk from flooding from surface water so it might be better to choose an area of land that is not so low-lying. Also there are suitable alternatives to developing non-green belt land if you consider areas bordering the M40, Sydenham and Radford Senele. These sites would be more suitable for commuters as they already have ~~a~~ decent ~~infra~~ road ~~infra~~ infrastructure. There is, in any event, no mention of a financial contribution from the developers towards improving/rectifying problems with the existing infrastructure. There must be areas of less valuable agricultural land which could be used instead.

Continue on a separate sheet if necessary

Please note your representation should cover succinctly all the information, evidence and supporting information necessary to support/justify the representation and the suggested changes, as there will not normally be a subsequent opportunity to make further representations. Further submissions will be only at the request of the Inspector, based on the matters and issues he/she identifies for examination.

9. If your representation is seeking a change, do you consider it necessary to participate at the oral part of the examination?

No, I do not wish to participate at the oral examination

☒

Yes, I wish to participate at the oral examination

☐

10. If you wish to participate at the oral part of the examination, please outline why you consider this to be necessary:

Continue on a separate sheet if necessary

Please note: This written representation carries the same weight and will be subject to the same scrutiny as oral representations. The Inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to participate at the oral part of the examination.
