6. If you answered no to question 5.2, do you consider the Proposed Modification is unsound because it is not:

(Please tick)

Positively Prepared:

☐

Justified:

☒

Effective:

☒

Consistent with National Policy:

☐

7. Please give details of why you consider the Proposed Modifications to the Submission Warwick District Local Plan are not legally compliant or are unsound. Please be as precise as possible. If you wish to support the legal compliance or soundness of the Proposed Modifications, please also use this box to set out your comments.

- The Local Plan has not identified the necessary infrastructure needed to support the level of new residential development.
- The Birmingham Road will not cope with the additional traffic generated by 55 new homes - the road is already too busy with commuters school traffic. The road is often used by large lorries and there have been a number of accidents and fatalities along the road. An increase in traffic will make this worse.

Continue on a separate sheet if necessary

see additional sheet

8. Please set out what change(s) you consider necessary to make the Proposed Modifications to the Submission Warwick District Local Plan legally compliant or sound, having regard to the test you have identified at Question 5 above where this relates to soundness. You will need to say why this change will make the Local Plan/Sustainability Appraisal legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

The Oatland Farm site is a potential site as the access is a lot easier from the Birmingham Road, although it is acknowledged that children's safety would still be an issue close to the road and canal.

Continue on a separate sheet if necessary

Please note your representation should cover succinctly all the information, evidence and supporting information necessary to support/justify the representation and the suggested changes, as there will not normally be a subsequent opportunity to make further representations. Further submissions will be only at the request of the Inspector, based on the matters and issues he/she identifies for examination.

27. continued.

- The children's play area is a fabulous asset to Hatton Park. The children adore watching the sheep in the field. We are concerned that the play area would become dangerous as it's proximity to a road would be increased and there would be more traffic as a result of the new house. We note that a junction is proposed next to the play park. This is far from ideal and potentially very dangerous.
- The proposed access from the village hall car park is very steep. In order to provide sufficient road infrastructure to counteract the steep gradient, additional land above that highlighted in the proposal would need to be acquired. This will impact on the village hall, the play park, orchard, sports facilities and the number of parking spaces available for the hall.
- We have concerns about the increase in construction traffic during any building phase. Barcheston Drive is already very narrow with cars parked on one side. The buses struggle to negotiate the traffic calming features. Lorrys may have to use grass verges and pathways presenting

a danger to pedestrians and destroying the established walkways and cycle paths.

- The site is unsustainable environmentally as the lack of local infrastructure (public transport, schools) requires additional car use and therefore does not comply with the National Planning Policy Framework's requirement to secure sustainable development.
- I am concerned about removing land from the green belt in order to support additional housing needs.
