7. Please give details of why you consider the Proposed Modifications to the Submission Warwick District Local Plan are not legally compliant or are unsound. Please be as precise as possible. If you wish to support the legal compliance or soundness of the Proposed Modifications, please also use this box to set out your comments.

The "exceptional circumstances" required to remove the land north of Milverton from the green belt have not been demonstrated by Warwick District Council. There must be brown field sites available nearer to Coventry where the housing is needed, that can be made available.

The fields act as a necessary 'green lung' between Leamington a Kenilworth and are highly valued by walkers, runners, cyclists, many of the local schools for educational walks as well as being of huge importance for local wildlife.

Continue on a separate sheet if necessary

8. Please set out what change(s) you consider necessary to make the Proposed Modifications to the Submission Warwick District Local Plan legally compliant or sound, having regard to the test you have identified at Question 5 above where this relates to soundness. You will need to say why this change will make the Local Plan/Sustainability Appraisal legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

It is unlikely that people who want to live in Coventry will want housing in Milverton. Using brown field sites closer to Coventry would go further to supporting Coventry's housing needs.

A park and ride scheme for Leamington is unnecessary and unsustainable and the site is too close to Leamington. Surely a site closer to the A46/A452 roundabout would be better.

Above all, use brown field sites first before taking away what is left of the green belt.

Continue on a separate sheet if necessary

Please note your representation should cover succinctly all the information, evidence and supporting information necessary to support/justify the representation and the suggested changes, as there will not normally be a subsequent opportunity to make further representations. Further submissions will be only at the request of the Inspector, based on the matters and issues he/she identifies for examination.

Continuation of 7.

The fields support hundreds of species of wildlife from foxes, badgers and stoats to the skylarks in the summer months.

If this green belt land is unnecessarily destroyed it will be of huge detrimental effect to all these species. Surely the Council accepts the importance in the current climate of biodiversity and supporting what is left of our natural habitats?

At the moment this is highly productive farmland which also acts as a 'soak away' for rainwater and flooding. More housing, drive ways, roads and above all a completely unnecessary park and ride will only add to the risks of flooding.

9. If your representation is seeking a change, do you consider it necessary to participate at the oral part of the examination?

No, I do not wish to participate at the oral examination

Yes, I wish to participate at the oral examination

10. If you wish to participate at the oral part of the examination, please outline why you consider this to be necessary:

Continue on a separate sheet if necessary

Please note: This written representation carries the same weight and will be subject to the same scrutiny as oral representations. The Inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to participate at the oral part of the examination.
