7)

- Cubbington is already struggling with the number of vehicles coming into and leaving the village. The village centre is congested and during school times it is extremely difficult to go into the village and indeed park.
- Cubbington School is full to capacity and any new houses built will then affect all the children in the surrounding villages as they will be out of catchment and have nowhere to go.
- There is no infrastructure to support an increase in population in the village. All the main facilities are in Lillington or south Leamington Spa. The closest doctor's surgery is planning to move closer to town taking it further away from Cubbington.
- Cubbington struggles with flooding already and the land in question has very poor drainage with lots of surface water after even a short period of rain.
- Millions of pounds have been spent trying to resolve flooding in Cubbington and more houses will just compound the issue.
- We have a video of the water flooding off H50 (northern field) into our garden which will only get worse with this development.
- H50 is Green belt and needs to stay as such.
- By increasing the size of Cubbington, it will no longer be and feel like a village and more development will lead to greater congestion and lack of an enjoyable environment for all residents.

8)

- Both H50 and H26 should be abandoned. If more housing is required, rather than stretching out into Cubbington's greenbelt, sites closer to Lillington would be more appropriate as closer to facilities and will be within the boundaries already there rather than spreading Cubbington's boundaries.

7. Please give details of why you consider the Proposed Modifications to the Submission Warwick District Local Plan are not legally compliant or are unsound. Please be as precise as possible. If you wish to support the legal compliance or soundness of the Proposed Modifications, please also use this box to set out your comments.

*see attached*

Continue on a separate sheet if necessary

8. Please set out what change(s) you consider necessary to make the Proposed Modifications to the Submission Warwick District Local Plan legally compliant or sound, having regard to the test you have identified at Question 5 above where this relates to soundness. You will need to say why this change will make the Local Plan/Sustainability Appraisal legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

*see attached*

Continue on a separate sheet if necessary

Please note your representation should cover succinctly all the information, evidence and supporting information necessary to support/justify the representation and the suggested changes, as there will not normally be a subsequent opportunity to make further representations. Further submissions will be only at the request of the Inspector, based on the matters and issues he/she identifies for examination.
