Kings Hill Development

Dear Sirs . Is it any surprise that all my local M.P.s & Councillors are openly opposed to any building on Kings Hill , for if they were in favour they would be committing political suicide .

Hence those in favour are the “ faceless ones “ rather than electable personnel .

As you may gather we , like close to 100% of our neighbours are bitterly opposed to the building of the proposed 4,000 new homes on this beautiful green belt land .without a buffer zone between .

We list our opposition briefly below .

Our present residences would be immediately devalued by many thousands of £ s , this would be shown in a lower rateable value council tax band . Noting that we pay a premium for overlooking the green belt land .

Gone forever will be the varied wild life that thrives in the area . I.e, Bats , Newts , Badgers , Foxes and this year the very rare Lesser Spotted Woodpecker .

Coventry has had the distinction of being voted as having the best drinking water in England much of which comes from the bore holes on Kings Hill

Kings Hill is not only a beautiful area it is an area prone to flooding , so much so it was designated too wet to be considered as a burial site , though someone in their wisdom has deemed it suitable for the living !!

Added to the above of course many other factors , such as .

The ancient Arden Forest , Early Anglo Saxon sites , Protected Trees , Hedgerows & Ditches , to name a few .

Finally the creation of an urban sprawl super village that would take many years to build would create severe traffic problems to the already overcrowded roads in this and surrounding area .

Yours faithfully

Richard Cotterill & Jean Parr
