(Please tick)

Positively Prepared:	<input type="checkbox"/>
Justified:	<input type="checkbox"/>
Effective:	<input type="checkbox"/>
Consistent with National Policy:	<input type="checkbox"/>

7. Please give details of why you consider the Proposed Modifications to the Submission Warwick District Local Plan are not legally compliant or are unsound. Please be as precise as possible. If you wish to support the legal compliance or soundness of the Proposed Modifications, please also use this box to set out your comments.

There is no justification for removing Kings Hill (as defined by Proposals Map 36) from the Green Belt. Warwick District contains plenty of land South of Warwick and Leamington Spa that is not Green Belt, and this should be allocated for housing before Green Belt sites are considered. The choice of Kings Hill seems to be governed by Coventry City Council ambition to extend the boundaries of the City and its ownership of the land. The proposed site has the major disadvantage of the threat of urbanisation of the gap between Coventry and Stoneleigh, especially bearing in mind that a large part of the land is already designated for HS2.

Continue on a separate sheet if necessary

8. Please set out what change(s) you consider necessary to make the Proposed Modifications to the Submission Warwick District Local Plan legally compliant or sound, having regard to the test you have identified at Question 5 above where this relates to soundness. You will need to say why this change will make the Local Plan/Sustainability Appraisal legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

There are no "special circumstances" or local housing need in this instance. Coventry could use its own Green Belt land to accommodate its growing population, or build more on campus. Assuming that the total no. of dwellings to be provided for in the Local Plan modifications is correct, the extra land allocations that this requires should be made in the Bishops Tachbrook / Barford areas. This would fit in with the development of the Jaguar Land Rover Gaydon Centre, to which many people in Coventry commute on a daily basis.

Continue on a separate sheet if necessary

Please note your representation should cover succinctly all the information, evidence and supporting information necessary to support/justify the representation and the suggested changes, as there will not normally be a subsequent opportunity to make further representations. Further submissions will be only at the request of the Inspector, based on the matters and issues he/she identifies for examination.

9. If your representation is seeking a change, do you consider it necessary to participate at the oral part of the examination?

No, I do not wish to participate at the oral examination

Yes, I wish to participate at the oral examination

10. If you wish to participate at the oral part of the examination, please outline why you consider this to be necessary:

Continue on a separate sheet if necessary

Please note: This written representation carries the same weight and will be subject to the same scrutiny as oral representations. The Inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to participate at the oral part of the examination.
