**RE: Objection to development of land within Kenilworth West.**

To whom it may concern,

I am writing to register my objection to the development on land within “Kenilworth West” and to make clear which land falls within this geographical area:

From the Heritage and Settlement Sensitivity Assessment (Sep 2022) it is made clear that from a Heritage perspective “Kenilworth West” refers to:

*“...the area to the north of Rouncil Lane, which follows the former line of the park pale and the A452...”*

The report concludes, *“There is little scope for the accommodation of development in this area.”*

The annotated map (right) shows the location of Rouncil lane (dotted orange line). The call for sites designates an area named “SWLP\_\_12Nov21: Land at Oaks Farm”, Kenilworth”. This is unequivocally located in Kenilworth West (north of Rouncil lane).

This land is also clearly within lines of sight (black dotted lines) from Kenilworth Castle (Monument).

On this basis – the proposed site should in no way be considered as having any potential to become a preferred option for the South Warwickshire local plan.

Yours Sincerely,

Professor Andrew and Mrs Naomi McAinsh [REDACTED]  
Mr Mark and Mrs Hannah Wilkinson [REDACTED]  
Mr Jon and Mrs Sharon Ward [REDACTED]  
Dr Helen and Dr Paul Brown [REDACTED]  
Mrs Belinda and Mr David Brown [REDACTED]
