REF: Objection to Proposed Development on Milverton & Blackdown  
GREENBELT

Dear Sirs,

We strongly object to the proposed developments on greenbelt land north of Leamington Spa.

Our reasons are as follows:

In accordance with the government National Planning Policy Framework, greenbelt land should not be used when other suitable land is available in Leamington for development.

It is so important that we preserve these special greenbelt areas, else there is a danger that our towns will merge into one. I understand that the council should be doing all it can to prevent the coalescence of urban areas.

These greenbelt areas are important local amenities for exercise and recreation, particularly as there is little publicly accessible open space in this area.

Finally, we are concerned that the current infrastructure cannot support the proposed development.

In conclusion, we believe that these plans are seriously flawed, and ask you to reconsider.

Yours faithfully,
