

6201

25 July 2012

Dear Sir/Madam

I would like to register my objections to the new Proposed Development Plans. It would be irresponsible of Plans to damage this area of North Leamington when more appropriate sites such as Braun of White Field sites could be found. The area of land in Blackdawn and Old Milverton is an asset to Leamington Spa and should be preserved at all costs. Do we really need any more houses? The development of the old Fothergill factory site is a disgrace with many of the apartments still not sold and the rest of the site is an eyesore!

Yours faithfully
