Dear Sir

Re: Proposals to Build on Green Belt

I received a notice (Focus) regarding the proposal to build on the fields from Leicester Lane, West Hill through to Blackdown, Milverton etc., and I would like it noted that I strongly object to the development of the Green Belt.

The prospect of destroying the Warwickshire countryside, the cutting down of trees, killing wildlife is a disgrace and should not be allowed to happen. I cannot see how the road structure surrounding the areas can take the substantial increase in traffic which will arise from these developments with residential and commercial proposed. Or, do you propose making Leicester Lane, Kenilworth Road dual carriageways?

Why choose to destroy the countryside when there was a substantial amount of land at the Fords Foundry site. This is situated close to the town centre and all amenities and yet you have allowed a further supermarket to take this over. How many supermarkets does a town need? Please do not advise me that this is because of employment demand! I would like to know how many small traders, who also employ staff, you are putting out of business because they cannot compete with the likes of Sainsburys, Tesco, Asda, Morrisons, Waitrose etc.

Again, I state that I object strongly to the Council's future proposals for the development of the Green Belt. The younger generation in Warwickshire will not know what countryside is if this is allowed to happen.

Yours faithfully,
