Dear Sirs

New local Plan

I object to the proposed development in Old Millwater and Blackdown contained in Waverham District Council's Preferred Options for the local Plan.

There are other sites which can be developed that are not in the Greenbelt. These sites mainly to the south of Beaminster, were included in Waverham District Council's previous plan in 2009. So what has changed?

Employment and infrastructure already exists there, this land should be used in preference to the Greenbelt.

Please reconsider your Preferred Options,

Regards,
