20th July 2012.

Dear Sir,

I am writing to you regarding the Council's proposed plans for the development of new housing in North Hamington on what is currently designated as green belt land, between Kenilworth Road and Old Milverton.

Whilst recognising the need for new housing in order to fulfil the government's overall objective, I would like to stress the importance of protecting local communities from any development which could cause a loss of identity and countryside by joining up existing urban areas.

This appears to be a real danger at Old Milverton and contrary to government's policy to empower local people and protect their access to countryside relaxation areas.

My wife and I are in our eighties and have seen the progressive developments

which have taken place between Milverton and Old Milverton in the Guy's Cliffe area. Any future developments will be unlikely to affect us personally.

Over the years we have enjoyed the peace and serenity of Old Milverton, and still do as a walking area.

We should like to believe that this beautiful area of country will remain unspoilt for enjoyment by future generations also.

Yours sincerely,

[Redacted signature]
