Object

Please set out full details of your objection or representation of support. If objecting, please set out what changes could be made to resolve your objection (Use a separate sheet if necessary).

Protect the historic environment - Norton Lindsey is an ancient hill top settlement with medieval ridge & furrow fields. The nature of the village would be completely changed with an increase in the number of houses by 50% or more.

Design for safe communities and good access to services

This cannot possibly apply to Norton Lindsey which already struggles with poor roads, no pavements, few footpaths & no cycle paths.

There are no shops or medical facilities and no public transport ~~means~~ to get to any. There are 4 buses a week - 2 to Solihull & 2 to Stratford.

The school is fully subscribed.

Design to Reduce Carbon Emissions

As there is no public transport, each house has at least one car, most two, and extra licensing would greatly increase carbon emissions. The roads would become even less safe than they are now. Norton Lindsey does not have the road infrastructure to support extra cars.
