26th July, 2012,

Dear Sir,

I do not object to the building of new houses in general. I feel the plan to build houses in the areas of Blackdown and Old Milverton is an inappropriate development. I would like to register an objection.

It is good agricultural land and we do need to preserve as much of it as possible, to provide food for our population. The area has many birds and animals living in the trees and hedges, they need to be preserved as well.

It has recreational value to the people who live locally. Many people enjoy walking and running across the fields.

It is Green Belt Land which helps to safeguard the countryside from encroachment, it will also prevent the merging of Leamington and Kenilworth. There are other sites which are not Green Belt which could be ~~developed~~ developed.

I should be grateful if you would consider other options

Yours sincerely,
