Warride District Council

Proposed Buildings etc on Green Belt Land.

Dear Sir,

I would like to object to these proposals mainly because I have been a member of Ramblers Association for about 25 years, and where we live is beautiful. I would like it to remain so. I think the "Brown sites" are there to be used. As we walk, we often go through the Portobello site. Three quarters of the housing is empty and likely to remain so. It seems a bit silly contemplating new build until something is resolved with this housing development.

"NIMBY" doesn't apply to us as apart from more traffic the proposals don't affect Heytown Close.

Yours sincerely
