Dear Sir/Madam,

28th June 2012

I wish to object to the proposed plans to develop farmland North of Leamington.

I feel that this will be a totally unjustified intrusion into the Greenbelt between Leamington and Kenilworth.

This area is enjoyed at the present time by many members of the general public and I myself walk the footpaths on a regular basis.

This, I believe to be prime agricultural land and so I must object in the strongest possible terms!

Kind regards
