Ref Building on Green Belt land.

also says
Is it the intention to increase congestion on our already poorly maintained roads to the detriment of existing road users.

We already have the sleeping giant Baginoton airport applying to build on and increase traffic not to mention the HSR White Elephant if it goes ahead.

The need for more infrastructure to accommodate ever more immigration, has been created by weak government. The Eurozone has a lot to answer for! Let us not be guided by them in future

Yours not so faithfully
